

Assam Forum of Great Britain

Memorandum to the Prime Minister of Bangladesh

Sheikh Hasina
Prime Minister of Bangladesh.

(Through the High Commissioner of Bangladesh, London)

Dated, London, the 20th May 2013

Honourable Prime Minister,

The Assamese community in the United Kingdom is deeply concerned about the so-called foreigners' problem in Assam. Thirty-two million people of Assam have been in agony for a long time over the issue of migrants who have come into Assam in large numbers, and have occupied government land and constitutionally reserved tribal belt land. People of Assam think that a large proportion of these migrants had come from Bangladesh. The Assamese diaspora of Great Britain have been thinking about these problems. We think that cognisance of the issue by the Government of Bangladesh will help to heal aggression in Assam and to solve the problem in a more humanitarian manner.

Yours faithfully,

Dr. Jitendralal Borkakoti
Chairman, AFGB
6 North Barn, Broxbourne, Herts EN10 6RR, United Kingdom.
